**RECYCLE MORE
SAVE UP TO £500**

THE PROBLEM

- Millions of tonnes of commercial waste are sent to landfill each year
- Up to 85% of this waste could be recycled into new products
- Putting your company's rubbish into one bin contaminates recyclable materials
- Landfill is bad for the environment and is more than double the cost of recycling... and rising!
- The Government intends to ban certain materials from landfill altogether

THE SOLUTION

- Separate bins for each waste stream
- Flexible and reliable collection service
- Waste is sorted and recycled into new products

BENEFITS TO YOUR BUSINESS

- Slash the amount of your waste going to landfill
- Increase your recycling rate
- Save up to 50% on your waste disposal costs
